Dear Theresa and Kayla,

This letter is in regards to the compliance check of your Level B, Registered Child Development Home completed on 4/8/15. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

☐ 110.5(1)m Has not less than one 2A 10BC rated fire extinguisher in a visible and readily accessible place on each child-occupied floor. **You have the correct size but need it visible. Many providers use a sign on the closet or kitchen cabinet to meet the visibility rule. Your idea of hanging it higher on the wall in the childcare area seems to be the most appropriate.**

☐ 110.5(1)w Injury report forms are maintained for any injury requiring first aid or medical care. The forms are completed on the date of occurrence, shared with parents and copies are in the child's file. **You stated that you do have a form you use for this but need to add it back to your file of child care forms.**

☐ 110.5(2)a A physician's signed **statement of health and immunization status** on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every three years. **Need now every 3 years and on the new form which I left a copy for your use. Kayla needs to get a copy of her recent physical to be placed into her file.**

☐ 110.5(8)a Identifying information including, at a minimum, the child's name, birth date, parent's name, address, telephone number, special needs of the child and the parent's work address and telephone number. **Need for: JD .**

☐ 110.5(8)b Emergency information including where the parent can be reached, the name, street address, city and telephone of the child's regular doctor, and the name number, telephone number, and relationship to the child of another adult available in case of emergency. **Need for: JD .**

☐ 110.5(8)c A signed medical consent from the parent authorizing emergency treatment. **Need for: JD .**

☐ 110.5(8)d For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance. **Need for: JD.**
